

Authenticity Judging Criteria

There are 4 levels of Authenticity Award based upon the 400 Point Judging System

- Bronze - Minimum of 360 points
- Silver - Minimum of 370 points
- Gold Senior - Minimum of 385 points
- Senior Platinum - Minimum of 390 points

The judging form and application are on these two pages. Make sure to read everything before you decide to apply. **ONLY SIX CARS WILL BE JUDGED THIS YEAR. DO NOT SEND ANY MONEY UNTIL YOU ARE NOTIFIED BY PHONE THAT YOUR APPLICATION HAS BEEN ACCEPTED.**

After the six finalists for judging have been selected, we will call or email each owner and review the judging form with them. We want to avoid any misunderstanding about what and how we will be judging.

In Tacoma, Wash., the entrants will have a few minutes to talk to the judges about their car. All six owners and/or their representatives then must leave the area until the judging is complete. The six cars will be guarded and secure during this time. There will be four levels of the authenticity award for this judging based upon a 400 point judging scale. We are taking “baby steps” to refine the judging so that it will be fair to all participants. You will be part of a learning curve. **If you are not comfortable with that – then do not apply.** We promise to judge all six cars that are selected.

AOAI Authenticity Judging – 400 Point Scale

1. Engine Compartment - Total of 150 Possible Points

Serial Number Plate	+10	Score _____	Reason _____
Engine Serial Number	+10	Score _____	Reason _____
